

Enschede, The Netherlands, August 15-18, 2005

 SVG Open 2005
 PO Box 6
 7500AA Enschede
 The Netherlands

After Zürich, Vancouver, and Tokyo, SVG Open 2005 will take place on the Twente University campus in Enschede (the Netherlands) from August 15 to 18.

This conference and exhibition on Scalable Vector Graphics, the World Wide Web Consortium open standard for 2D graphics, will show the versatility of SVG, the 'HTML of graphics'.

The programme features keynote plenary sessions and parallel paper sessions, and beginner and advanced level courses. The conference offers ample opportunity to get to know people from the SVG community and in the exhibition you will find vendors and commercial developers.

SVG Open 2005 is organised by:
